Pharmacy

With your BlueAdvantage Administrators of Arkansas pharmacy benefit, you can get important immunizations at your local pharmacy at no cost to you. Check out our list of zero-cost vaccines and visit your local pharmacy if you're looking for a fast, free vaccination from a trained healthcare professional.

- Prevent serious diseases
- No doctor's appointment necessary
- Skip the waiting room
- Zero cost to you

When you get vaccinated, you're not just looking out for your own health. You're helping prevent the spread of disease to others.

Talk to a pharmacist

It's easier and less expensive to prevent a disease than to treat one. BlueAdvantage makes it easier for you and your family to get immunized. Don't wait — talk to your pharmacist today about the immunizations that may benefit you.
