

ArkBlue Connect

Case management at your convenience

You're committed to better health by participating in case management. The ArkBlue Connect app makes it easy to talk to your case manager when you want. Use it to ask questions, discuss progress, get educational materials and more.

Send and receive messages in real time

Access on-demand documents and materials

Get instant notifications about important topics

Communicate when it's convenient

No more phone tag — ArkBlue Connect gives you direct access messaging with your case manager.

How do I get the app

Search and download ArkBlue Connect for free from your app store or use the QR code below. You'll need your member ID number to register your account.
