## .. Behavioral Health ..

### *Make good mental health a priority*

In the U.S., 1 in 5 people have a behavioral health need each year. Arkansas Blue Cross and Blue Shield provides meaningful help to members so they can address behavioral health concerns and take a powerful step toward better overall health.

As an Arkansas Blue Cross member your first three behavioral health visits are free with no out-of-pocket costs.<sup>1</sup>

### **Online or in-person – you're covered**

A preventive behavioral health screening is an important part of your overall health. If you want to talk to someone in-person, simply schedule an appointment with an in-network behavioral health provider. To find an in-network provider, visit [arkbluecross.com/findcare](https://arkbluecross.com/findcare).

Prefer virtual care? Many of our in-network providers offer telehealth appointments or you can use Virtual Health, powered by MDLive. With Virtual Health, state-licensed, board-certified behavioral health therapists are available around the clock. Go to [myvirtualhealth.com](https://myvirtualhealth.com) to sign up and schedule your first visit.

Either in-office or online, your first three visits in 2023 are free with no copay or coinsurance.
