

Your pharmacy benefits

Whether you're healing from an illness or managing a chronic condition – prescription medications can play an important role in your wellness journey.

As a card-carrying Arkansas Blue Cross and Blue Shield member, you have pharmacy benefits that connect you to the prescriptions you need as easily and cost effectively as possible.

Access to your medications starts with your member ID card, which is accepted at in-network pharmacies.

You can access our extensive pharmacy center by signing into Blueprint Portal and completing a one-time sign up for a pharmacy account. You will have direct access to your pharmacy account information, find ways to save on your prescriptions, sign up for email or text alerts about your medications, request refills and more. From there, you'll be able to conveniently manage your prescriptions, as well as everyone on your health plan.

ID Card

You'll always have your ID card available, which you can view and/or print from Blueprint Portal, or access directly from our mobile app.

Pharmacy Locator

Find network pharmacies near you by entering a ZIP code, state, mileage preference or specific pharmacy you are trying to locate on Blueprint Portal, or by using your current location with our mobile app. Select **Find Care** then **Pharmacies**.

Drug Cost and Coverage

Find out how much your medication will cost under your plan and whether there are opportunities to save money from your phone, tablet or our member portal.

Request a New Prescription

With this feature just enter the name and strength of your medication and your doctor's name.

Delivery by Mail & Text Reminders

You can have maintenance medications delivered by mail. They are filled by a licensed pharmacist, checked for quality and delivered in discreet, weather-proof, secure packages. Typically, a 90-day supply of a prescription will cost less than the same amount of medication split into three 30-day supplies. You'll get a reminder text that allows you to refill your prescription 10 days before you're due for your next supply. Talk with your doctor about this option so your prescriptions can be written accordingly.

Easy Refills

Request refills and keep track of prescriptions for your family. Just enter the prescription number from your pill bottle and your date of birth.

Go to Blueprint Portal at blueprintportal.com to register or download the app. And if you already have an account, sign in to access your medications 24 hours a day, seven days a week.
