## Visit your local in-network pharmacy for your testing supplies

BlueAdvantage Administrators of Arkansas has a convenient way for members with diabetes to purchase certain supplies. You can buy diabetes testing supplies at your local pharmacy at a preferred copayment or the cost will count toward your overall deductible or HSA out-of-pocket maximum (depending on your coverage).

You can fill your prescriptions and get the supplies you need at the local pharmacy in one simple stop.

### Testing supplies covered at the pharmacy include:

- Lancets
- Diabetes meters (*One Touch or Accu-Chek*)
- Needles
- Test strips (*One Touch or Accu-Chek*)
- Syringes

Your local pharmacist is a good resource for medicine and supply questions. Next time you need to refill your supplies, fill a prescription or ask a question about your medication, remember to visit your local pharmacy and bring your BlueAdvantage member ID card.

### New, no-cost diabetes meter

Both Accu-Chek and OneTouch offer a no-cost diabetes meter. Visit their websites at [accu-chek.com](http://accu-chek.com) and [onetouch.com](http://onetouch.com) to determine if you qualify for a free meter and which one is right for you.

### Happy with how you get supplies?

Other options for diabetes supplies still are available to you! Nothing changes if you order diabetes supplies from a durable medical equipment provider. You can continue to get your strips, lancets and other supplies the same way. The option to purchase at your local pharmacy is just another outlet to make buying diabetes testing supplies more convenient for BlueAdvantage members.

### Questions? Call 888-293-3748

### Find an in-network pharmacy

1. Go to [blueprintportal.com](http://blueprintportal.com)
2. Sign in or register for with your member ID number or last four digits of your social security number
3. Select **Pharmacy** from the Menu
